Q2. Write code for the given form fields. If user leaves first name/last name/Email as blank, then alert message must be displayed (as shown below):

The image shows a web form with the following fields: First Name, Last Name, EMail, Phone, Address, and Country (a dropdown menu with the text "[choose yours]"). A "Submit" button is located at the bottom. An alert dialog box from "Windows Internet Explorer" is overlaid on the form, displaying a yellow warning icon and the following text: "Please enter your First Name", "Please enter your Last Name", and "Email : Required Field". The dialog box has an "OK" button.
